

Important Reminders Regarding World Green Tea Contest

Entries

Be sure to read before entering.

Overseas Entries:

The fee from overseas are 10,000JPY per entry.

Overseas remittance fee is not included in this amount. Please burden the fee at your expense. If we did not receive the full entry fee, the entry will not be processed properly.

Quantity of Entries:

When sending the item for display and product evaluation, send the complete product that contains tea in the same form as a consumer would purchase. If entering a bottled beverage, please contact us first for details. It does not matter what kind of container the tea for the liquor evaluation is in (100 grams, or 10 servings for non-loose leaf).

If the product is a set of multiple types of tea, we will evaluate the liquor of two of them. Send 100 grams each of the two types you wish to use for the liquor evaluation (or 10 servings for non-loose leaf). For the other types in the set, send 20 grams each (or 4 servings for non-loose leaf).

Products in a Series with the Same Concept:

Products in a series with the same concept do not count as a set if the products have variations in packaging or contents and are sold separately. Please submit one product per entry form.

Entry Forms:

Use the specified entry form and enter the required information in the spaces provided. Additional sheets will not be accepted. Attach one photograph of the product you wish to enter in the email when sending the form. Visit our website for the entry form: <http://www.o-cha.net/kyoukai/contest/>
