Dear Sir / Madam ;

Izmir Tea Festival is waiting for the new participants and the countries in its 2nd Year!

In November 2017, first "International Izmir Tea Festival" had successfully hosted its participants and the companies with a great satisfaction and joy to whole parties that took part in the festival. This year, we are going to be at "Parc Ceremonia Killizman Guzelbahce", which is a beautiful place including three big gardens in an area consists of 22 decaare open green field.

Opra Team, Izmir based company founded in 2015, is going to orginize the second "Izmir Tea Festival" between 19-20-21 October in order to gather tea lovers with the whole dynamics of tea including producers and the supplementaries.

Our first goal is to bring our guests(tea lovers) together with the tea producers which provide high quality special tea from different regions all around the world. Also, other aspects of tea brewing such as electronic devices, pots, service equipments and glasses are also going to be presented by their own manufacturers. In addition to that, tea lovers are going to be informed about the whole process of tea production with different applications and programmes by professionals. Regarding to its success, we aim to transform this festival into a traditional and multinational one for Izmir, and Turkey.

With the help of participants such as producers, Professionals, tea experts, bloggers, writers, artists and travelers , we are aiming to create an interactive platform about "tea", which was initiated by our organization, "Izmir Tea Festival 2017"

In addition to that, participant companies and brands are going to make exhibitions, workshops and events during the festival. These activities are going to enrich the festival, create awareness about the fields in which tea has directly or indirectly impact (Consumption, Health, Art, Culture, History). Also, music is a vital part of the festival. There will be DJ performances, concerts by the popular singers and dance shows in order to enjoy our participants and the customers while tasting their amazing tea.

We are still in touch with the potential participants such as new generation tea houses,patisseries, tea producers, equipment manufacturers, writers, travellers and other parties related to festival.

Our Team's motivation and self-confidence are relied on our innovative philosophy and knowledge oriented vision. Also, previous successful organizational experiences of our team such as Inernational Pharmacy Fair, 3rd International Turkish World Culture Congress, Izmir Dragon Festival, Göztepe Sport Club Sailing Team Fair Services etc are our strong references for the "Izmir Tea Festival".

In conclusion, we want to bring our guests together with the different cultures and colours of the world by their unique presentations and rituels about every aspects of tea. Integration of people and cultures are possible by direct interaction, so that, your country's participation as one of the biggest tea producers is crucial for this festival. By participating this festival, you can present&introduce your culture, local tea, foods or equipments related to tea consumption. If you are interested, we want to arrange a face to face meeting with you regarding your schedule.
